B. Total budgeted expenditures compared to planned spending Districts often budget expenditures up to their calculated budget limits in budget-controlled funds each year to avoid losing budget capacity, even if they do not plan to spend up to their budget limit and will carryforward unspent current year budget capacity to future years. This section provides details on planned spending in budget-controlled funds to provide clarity on FY 2025 estimated budget budget balance carryforwards that will be available for spending after FY 2025.

Calculation of small school adjustment phase down limit

District name Mohawk Valley Elementary

Applies to any district that operated under the provisions of the small school adjustment (A.R.S. §15-949.A), and exceeded the allowable student counts for the first time before FY 2000. Districts that operated under the provisions of a small school adjustment and exceeded the allowable student counts for the first time after FY 1999, should refer to the next section to calculate their maximum override.

If in FY 2025, the K-8 student count is greater than 125 but less than 154, or the 9-12 student count is greater than 100 but less than 176, the district may continue to adopt a budget using a small school adjustment on page 7, line 4 of up to \$50,000 without an election. OR If the district holds an override election as provided in A.R.S. Section 15-481, the district may include up to the amount calculated below on page 7, line 3(a). For purposes of small school adjustment, the FY 2025 student count is the 2024 ADM.

Calculation of maximum override for a district no longer eligible for a small school adjustment

Applies to any district that operated under the provisions of a small school adjustment (A.R.S. §15-949.A) and exceeded the allowable student counts for the first time after FY 1999. Districts that operated under the provisions of the small school adjustment and exceeded the allowable student counts for the first time before FY 2000, should refer to the section above.

If in FY 2025, the K-8 student count is greater than 125 but less than 181, or the 9-12 student count is greater than 100 but less than 185, the district may hold an override election as provided in A.R.S. Section 15-481. The maximum amount the district may budget on Budget, page 7, line 3(a), subject to an override election, is the amount calculated below. For purposes of small school adjustment, the FY 2025 student count is the 2024 ADM.

1. A district whose K-8 student count has exceeded 125, but is less than 181 may determine the maximum small school adjustment override as follows a. FY 2025 K-8 student count 0.0000	:
b. Small school student count limit - 125.0000	
c. Student count above the small school limit = 0.0000
